| 2000CVC-__ | **Custom Vest** | Provide chest and waist circumference and distance from top of thigh to top of shoulder | **$375.00** |
| 2000VB | **Add Side Release Buckles**<br>Adds 4 side release buckles to one of the vests above. Side release buckles can help stop an occupant from escaping the vest. | | **$99.00** |

## 3 Optional EZ-Up head rest and caps

Measure around the occupant's head to choose a cap size

Caps come in all 5 seat colors plus Khaki (K). **The Khaki option is the coolest option for hot temperatures.**

| | | | |
|---|---|---|---|
| 2000EUHR-__ | **EZ-Up Head Rest**<br>Supports the head to limit side-to-side motion. To limit forward motion, choose a cap size below; the cap is designed to Velcro to the head rest. | | **$225.00** |
| 1000EUCS-__ | **EZ-Up Cap, Small** | Head circumference 17.5–19.5 in | **$145.00** |
| 1000EUCM-__ | **EZ-Up Cap, Medium** | Head circumference 19.5–21.5 in | **$145.00** |
| 1000EUCL-__ | **EZ-Up Cap, Large** | Head circumference 21–23.25 in | **$145.00** |

## 4 Optional accessories

| | | |
|---|---|---|
| 2000AB | **Attachment Bracket Kit** · For vehicles without LATCH. Usually only needed for vehicles made before 2003, or when the Chamberlain is installed in the front seat (see note below). | **$115.00** |

## Important: installing the Chamberlain

**The Chamberlain must be installed with LATCH or with the Attachment Bracket Kit.**

- The Attachment Bracket Kit is designed for use in vehicles that do not have LATCH, or when the desired seating position doesn't have LATCH.
- All vehicles 2003 and newer are equipped with LATCH in at least two rear seating positions, so there should be no installation issues for these vehicles and the Attachment Bracket will not be necessary.
- Many 2000–2002 models also have LATCH (see your vehicle owner's manual to verify if LATCH is present).
- For vehicles without LATCH, the Attachment Bracket can only be used on vehicle seats where you can slide a ruler, or similar object, from the back side of the vehicle seat through the crack in the vehicle seat (where the seat bottom and seat back come together) through to the front side of the seat. This can usually be done in minivans and SUVs.
- Generally, the Attachment Bracket cannot be installed in the back seat of sedans.
- Installation of the Attachment Bracket Kit does require that a hole be drilled through the vehicle's floor board.

Please call Customer Service at 317-409-0148 with any questions regarding the installation of the Chamberlain.
